

Trafford Group's income last year, which all came from Area, amounted to £1000. Expenditure amounted to £926.52 which after including funds already held, left a year end cash balance at 30th September 2020 of £668.71.

The accounts were audited and approved by the Group's Honorary Auditor Malcolm Hunter on 7th October 2020

Due to the Coronavirus pandemic, the group did not spend what was predicted in the 2019/20 budget estimate which resulted in a higher year end cash balance than expected.

After consulting with the Committee, I requested a budget from Area for £800 for this year which was approved and we have recently received the first quarterly payment.

In the absence of any unexpected expenditure, I expect the Group to have sufficient funds for the current year.

Finally, I would like to thank our outgoing chair Angela Hilton for her leadership of the Group since it started in 2010.
