

Ramblers Trafford Group
Secretary's Report for year ended 30.09.2022

I have been secretary for the past 10 months and would like to thank Judith Hunter for her detailed handover and well-ordered files plus her patience in answering my many questions. Also, Malcolm for helping with the IT set up.

I have attended 3 Greater Manchester and High Peak area meetings. These have been useful for finding out about the variety of walks organised by other groups and how they communicate with members. GM Ringway is complete and staff are now in place to develop and publicise the offer further. Members were invited to participate in the Kinder Trespass celebrations. Family and Carers walks are being trialled. Ramblers have been a partner in the creation of the Sky Park at Castlefield. Twenty four RTG members have taken the opportunity to join private tours with the opportunity to feedback ideas for the future direction of the project.

Jan Moore
